

**IN THE SPECIFICATION:**

Please replace the caption to paragraph [0137] with the following.

EXAMPLE 3: Compound Synthesis

Please replace paragraph [0137] with the following:

The different compounds described herein can be produced using ~~techni-ues~~ techniques well known in the art. This example illustrates the use of such ~~techni-ues~~ techniques to obtain different types of compounds. Other particular compounds described herein can be readily obtained using well-known synthetic techniques, including modifying the procedure described below.

Please replace page 68 with substitute pages 68-68A (attached as Tab 1) to clarify the submitted chemical drawings.

Please replace page 72 with substitute pages 72-72A (attached as Tab 1) to correct a typographical error.
